What phone number may we reach you at today?

We are pleased that we could accommodate your schedule by having your pet stay with us for the day. The staff will walk your pet and give him/her water. If medical treatment is required during your pet's stay, our technicians will administer as directed by the doctor. We do not feed our patients during their stay unless specifically requested by his/her owner.

Please understand that since your pet will be worked into the clinic's surgery schedule, an exact exam time will not be specified. The staff will contact you when the examination is complete to schedule a pick up time. The doctor will discuss the diagnosis, treatment plan and any other options at your designated pick up time. (please initial)

Please clearly answer the following questions and provide additional information where requested, if applicable.
