ANIMAL EYE CLINIC has been established and servicing the DFW metroplex for 25 years. Our veteran support staff is equipped with the resources, longevity and expertise that you and your clients deserve. With a combined seventy years experience at ANIMAL EYE CLINIC, and nearly one thousand hours of ophthalmic continuing education, our knowledgeable staff is able to help provide fast and accurate answers. Advanced training, in conjunction with our computerized paperless office makes it fast and easy to get help, and maximizes the speed and quality of our response.

Our doctors

Excellence at work for you

Dr. Michael Paulsen, Dr. Daniel Brogdon, Dr. Gabriel Sanchez and Dr. Levi Brock are dedicated to the practice of ophthalmology and how it relates to your clients. Our doctors use innovative service tools and techniques to provide the cutting edge in ophthalmic care, and are equipped with the latest surgical, diagnostic and therapeutic equipment to aid in the proper diagnosis and care for patients. In addition, each doctor utilizes digital photography at each exam which allows them to track your patient's progress, down to the finest detail. These photographs provide a fast and accurate system to update treatment plans efficiently.

FLEXIBILITY , CONVIENIENCE AND CARE: ANIMAL EYE CLINIC'S PLEDGE

Our process

ANIMAL EYE CLINIC is a referral based specialty practice, and is designed to be an extension of the services and quality of care you offer your clients.

If any of your cases require additional attentiveness, you have the option to define the severity level of each patient in order to drive the appropriate response. We can offer therapeutic guidance, same-day appointments, emergency care and drop off options. At ANIMAL EYE CLINIC, we understand how valuable you're your clients are, and we strive to reach the same quality of care you provide. We maintain a constant stream of communication with your clinic throughout your patient's relationship with us. You decide how you would like your communications sent to your office, e-mail, fax or mail.
